HALF TOWN OF AVALON  
DESTROYED BY FLAMES;  
LOSS REACHES MILLION

By Evening Herald Lessor Wire.  
Mon., Nov. 29.—More than half the town of Avalon, on San Catalina Island, was destroyed by fire today. The fire started about 2:50 o'clock this morning and destroyed the two principal hotels, a number of business blocks, the bath houses and clubs, and damaged the play and freight houses, before it was brought under control about 4 o'clock. Estimates of losses run as high as \$1,000,000. Practically all of Avalon was owned by the Banning company, which also owns Santa Catalina Island.

**GOLF ARTIST SAID  
TO HAVE BEEN ALSO  
ARTIST WITH PEN**

Raton, N. M., Nov. 27.—James Reid, the golf artist who has been instructing members of the Raton Golf club recently, made his exit this week, leaving behind him a check cashed at the Bank of Dawson for \$125 with Judge C. M. Payne's name attached. The check was apparently a forgery and Mr. Reid's whereabouts now a concern of the authorities.

**A BIT OF ADVICE,  
First—Don't Delay, Second—Don't Experiment.**

If you suffer from backache; head aches or dizzy spells; if you feel poorly and are languid in the morning; if the kidney secretions are irregular and unnatural in appearance, do not delay. In such cases the kidneys often need help.

Douglas' Kidney Pills are especially prepared for kidney trouble. They are recommended by thousands. Can Albuquerque residents desire more convincing proof of their effectiveness than the statement of an Albuquerque citizen who has used them and willingly testifies to their worth?

J. M. Vickrey, plumber, 1604 North Eleventh street, Albuquerque, says: "I don't hesitate to recommend Doug's Kidney Pills for backache and kidney trouble. In my case they brought immediate relief from backache. I know of another case where Doug's Kidney Pills brought positive relief from backache, due to weak kidneys."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doug's Kidney Pill—the same that Mrs. Vickrey had. Foster-Milburn Co., Prop., Buffalo, N. Y.

## JUDGE HEACOCK AND JUSTICE SALAS HAVE CLASH TO HOLD SUPPER

**Lawyer Protests Against Refusal to Allow Appeal, Is Sharply Told to Sit Down and Tartly Replies.**

Bench and bar clashed in the Old Town precinct court this afternoon, when Judge W. C. Heacock protested against Justice D. E. Salas' refusal to allow an appeal in a case in which Judge Heacock represented the complainant. The case was dismissed with costs assessed against Judge Heacock's client, and the Judge announced that he would appeal the question of costs.

"But there is no ground for appeal," objected Modesto C. Ortiz, attorney for the defendant. "The complaint has been dismissed as faulty and it is as if there had been no case. No judgment has been rendered. In the face of the dismissal the course for the state in this case is to swear out another complaint if so sees fit."

Justice Salas ruled against an appeal. Judge Heacock came to his feet with a boomer.

"I want a record made of this—I want some record made," said Judge Heacock. "I am going to take this up. I want to say, Judge Salas," added Judge Heacock, deliberately, "that this is the first time a justice has refused an appeal in Bernalillo county—in the state. It is."

"That will do," said Justice Salas sharply. "sit down."

"I'll sit down when I get through," said Judge Heacock. He sat down with great deliberation. Justice Salas made no further comment.

The case was that of Louis Basca and Jose Hernandez, each of whom accused the other of being the cause of a wreck in which one of Oakley Clifford's cars and a wagon figured at Alameda Friday afternoon. The auto driver of the car, fled the scene of the accident, driving the wagon while under the influence of drink, and ran the rig into the car. Basca filed a counter charge, alleging that the car came from behind the wagon at high speed and crashed into it.

Hernandez's complaint charged a breach of the peace. No such statutory crime could be found in the new laws of the state and the complaint was dismissed for that reason.

Basca's charge against Hernandez was assault with intent to kill. That in the books beyond all technical question, and it stood. Judge Heacock waived examination for his client and Hernandez was held for the grand jury in \$500 bail.

While the court "galloped" much pleased with the tilt between Judge Heacock and the court, it was disappointed in one thing. The outcome of the hearing didn't dispose of the puzzle presented by the case of a wagon alleged to have been going in two directions at the same time.

**EL PASO GIRL DROWNS  
HERSELF IN LAKE IN  
SAN BERNARDINO**

By Evening Herald Lessor Wire.  
San Bernardino, Cal., Nov. 28.—A girl, 16 years old, was found dead in a clump of shrubbery Sunday evening to establish the identity of a young woman found drowned in a lake here as Miss Clara Stevens, daughter of El Paso, Texas.  
"She was dead."

Miss Stevens is Clara Marion, 3, younger than El Paso. She had been sick and unable to find work. So unto the hand of God I give my soul!" With that she had found the woman's hat and purse containing the sum of her wealth—\$2.00.

## 'START THE NEW YEAR RIGHT' WILL BE SLOGAN FOR CLUB'S BIG MEMBERSHIP CAMPAIGN

**Committees at Meeting This Morning Decide on Wednesday, December 8th, as Date for the Drive to Bring Membership for 1916 Up to 500 Mark; Five Volunteer Membership Applications Today Show That Spirit of the Campaign Is Taking Hold.**

Some changes were made in the plans for the Commercial club membership campaign at the joint committee meeting held this morning to arrange the final details of the work. Instead of two campaigns held a week apart there will be but one at this time, due to the fact that the Y. M. C. will hold a collection campaign on December 14th. The entire effort of the club will be concentrated on the one-day drive, which will be on Wednesday, December 8th.

On Friday of this week the two joint committees will go out in the afternoon to pledge as many members of the club as can be seen to give three hours of their time on Wednesday, December 8th, to the securing of new members. If possible every member of the club will be visited Friday. If any are overlooked or if it is not possible to make the rounds, each member is to consider that a personal call has been made upon him and that he is expected to report at the Commercial club building at 1:30 o'clock on the day of the campaign to work.

There were present at the committee meeting this morning eleven members, Judge Craig, George Kluck, Ross Merritt, E. J. Strong, O. A. Watson, Dr. Joseph Clipes, W. L. Hawkins, B. C. Jaffa, Arthur Everitt, C. O. Cushman, Dan Rankin. Two other members reported over the telephone to say that they were on the sick list. Those members of the committees who did not attend this morning's meeting are expected to be at the club on Friday at 2 o'clock to assist in signing up the members for the membership campaign.

There were present at the committee meeting this morning eleven members, Judge Craig, George Kluck, Ross Merritt, E. J. Strong, O. A. Watson, Dr. Joseph Clipes, W. L. Hawkins, B. C. Those members of the committees who did not attend this morning's meeting are expected to be at the club on Friday at 2 o'clock to assist in signing up the members for the membership campaign.

A personal letter is being sent from the office of General Manager Wiley to every club member calling attention to the importance of this occasion and asking for support and co-operation in the work. Letters will also be sent to prospective members before the day of the campaign urging them to meet the committee with a ready answer and that the answer be "sure." The new membership arc to go into effect on January 1st with the privileges of the club ex-

tended to the applicants free of charge during the month of December. dues will be collected in advance on January 1st.

**"START THE NEW YEAR  
RIGHT" IS THE SLOGAN**

Five applications for membership in the Commercial club were received in the club's mail this morning, showing that some of the citizens of the city at least are not going to wait until a committee calls upon them for their membership but are going to save the club officers the work necessary to solicit them. Every application received before December 8th means less work for the committee on that date, and the club directors and officers earnestly request the men of the city to continue sending in their applications by mail. Either General Manager Wiley or Secretary Egan will be only too glad to take application cards to anyone who will call the club on the telephone.

"Start the New Year Right" is the present slogan of the club, and what is meant by starting the year right is beginning 1916 with a membership roster that will carry it through to 1917 with sufficient income to meet expenses and with an enthusiastic membership that will take care of the big things which the club must handle in the way of public promotion. That every member of the club may keep in mind his responsibility during 1916 as attractive card with a public spirited New Year resolve upon it will be hung in the office of every member of the organization.

Within the next three days the officers of the club will visit the delinquents and arrange some basis for the payment of the back dues. A new policy will be put into effect of once regarding the casting of delinquents upon the books, and it is the intention to enforce the by-laws regarding the same. With the conclusion of the membership campaign a regular monthly collection system will be inaugurated which will serve for its object the eliminating of delinquency to a large extent, as every member will be expected to pay promptly upon the first of every month.

meeting much of the urgent metal shipbuilding will be completed and a certain number of men released for mercantile building and repair work.

At present, however, there is great difficulty in fitting new mercantile boats with projector machinery and other equipment largely through the number of men engaged on admiralty work and more recently by the sea-rescuing companies which is slowly but surely depleting the yards of mercantile workmen. Despite these drawbacks when new vessels have just been completed on the Clyde, including the New Zealand passenger steamer "Antarosa," 12,000 tons the Layland motor liner "Lancastrian" and the miler ship "Montezuma."
